

SQ Pro

## VARIABLE SPEED PUMP

Energy savings of up to **70%**

### EFFICIENT, PROGRAMABLE, ULTRA QUIET

When looking to reduce your cost of owning your pool, this is the pump for you. It saves up to 70% of running costs compared to a single-speed pump. Made from the same chassis as the SQI pump, this pump has paired the reliability of Poolrite-made pumps with the latest technology for energy savings.

#### Cost and Energy Efficient

Unique multispeed motor allows you to set the speed and reduce energy consumption along with annual energy bills by up to 70%.

#### Latest Motor Technology

Featuring cutting-edge brushless DC motor technology for an extended lifespan of the pump.

#### Low maintenance

Featuring Poolrite's renowned lid design for fast and easy basket access, is a hassle-free choice due to its ease of cleaning and maintenance.

#### Proven performance

All Poolrite pumps are backed by decades of rigorous testing ensuring that our pumps last the longest in the market.

#### Ultra quiet operation

Less noise than your standard dishwasher.

#### True Variable Speed

Have the ability to change and pre-program different speeds. Digital control panel RPM read out with adjustable speed settings.

# Product Overview

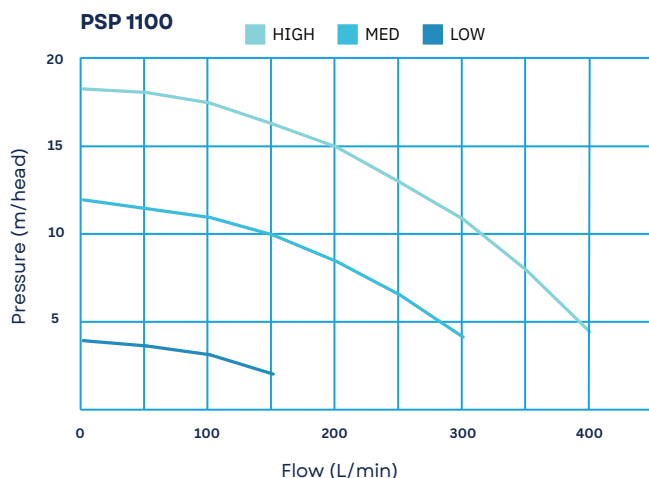

## The Perfect Fit

When you swap the SQ Pro for other Poolrite pumps you can effortlessly install it without modifying the plumbing.

The SQ Pro is designed to be compatible with all Poolrite SQ models, including the SQI Series, SQ Junior, and SQ Gemini.

## Warranty

- ✓ 10-year pump housing
- ✓ 4-year motor and all other components
